It Takes a Village

3/23/20

IT TAKES A VILLAGE

Dear Summerplace Neighbor:

We're checking in with you during this unprecedented time of uncertainty to assure you that you are not alone---it takes a village and we will get through this together.

It won't be easy. Not only is there an immediate and grave health threat (many of our residents are in the "target" demographic for this disease) but there is the pain and confusion of isolation as we all take the responsible steps of social distancing.

In any other kind of national disaster, we would rush together to gather together. But this time, we must do something truly new: find a way to come together even while being kept physically apart.

It is for that reason that we want to form a group of Summerplace volunteers to help our neighbors in need. While we are in the early steps of formulating this mission, we envision the following activities:

- Grocery shopping for those that need food**
- Picking up prescription medications**
- Walking a pet**
- Take a neighbor on a short walk**

Even if we have to do this in new, uncomfortable ways, it is more important now than ever for us to act. This begins with looking out for the most

vulnerable. Of course, all recommended safety precautions will be strictly followed to assure the safety of our volunteers.

One immediate challenge: Only about 60% of Summerplace residents will receive this e-mail. Please help us in ensuring distribution to ALL of our community.

So, can we count on you? Please reply to Marilyn Frost or Bob Kravitz and we will email you with further details.

Take care and thank you,

IT TAKES A VILLAGE
