

Part of Summerplace activities is the Variety Players acting group. An in-house acting group, that has its own Playwrights; Actors; Stage crew; Sound system Engineers; and Graphic Artist. The Variety Players acting group has been a part of the Summerplace Activities since the 1990's, providing an annual "original play" for our residents, their families, and the general public in the month of April.

As like any established organization we have experienced the aging process and our numbers have dwindled. We must look forward to welcoming our new generation of writers; engineers; actors; and stage crew that come from our residential population to help us carry on the established tradition of entertaining our Summerplace Community.

If you'd like to express your artful talent, or just like being part of a team performing a worthwhile endeavor (we have helped raise over \$20,000.00 for our H.O.A). Please contact any member of the Variety Players you may know, or Dennis Langston at (503) 807-0821.
