## A Message from the Board

March 27, 2020

---

### Covid-19 Update

We have been advised that a resident who recently traveled out of state was notified that they had contact with someone who has tested positive for the Covid-19 Virus.

While we will not be communicating every time someone notifies us of this type of situation, we are taking this opportunity to once again ask ALL residents to refrain from using the Clubhouse and it's facilities. You have no way of knowing if someone before you has been exposed and using the Clubhouse puts you in the position of potentially being exposed and exposing others. Please do this for yourself, your loved ones, and the community.

As we all know, staying home and out of public places, keeping a six foot distance when you do have to go out, and washing hands is the best defense at this time. It is up to all of us to do our part to keep each other safe and to get through this as healthy and quickly as possible.

Thank you everyone for your support and cooperation.
